

# CAMERAS

*Homeowners rely on surveillance cameras and NVRs (network video recorders) to bolster the security of their homes and businesses. With Control4, it's easy to check in on home from anywhere in the world—right from your smartphone.*

## **FEATURES:**

- *View live security camera footage straight from your mobile device.*
- *Remotely connect and command your home, from virtually anywhere.*
- *Control4 supports the same streaming capabilities that are utilized by the best surveillance cameras to deliver superior video quality at 80% or more bandwidth savings, increasing efficiency and reliability.*
